

## Workshops & Educational Outreach Programs

The Barfield's educate, inspire, & entertain audiences through the demonstration of Old-Time Appalachian Folk Rhythm instruments such as the washboard, spoons, bones, kazoo, and the jug!

Participants will learn both the "Folk History" of the instrument, as well as taking part in a hands on demonstration of these traditional instruments.

Everyone will discover the joy of improvisation, & the magic of individual creativity.

"Every workshop is designed to inspire participants to search for their own creative spirit, & develop an appreciation for both the folk & performing arts!"

## Traditional American Music for any Stage!

"Not only are we the preferred choice as an opening act for your main stage entertainment, but we also offer some of the most entertaining shows available for both young and old audiences on any size grounds act stage.

This show offers a musical blend of both old & new country classics, bluegrass, folk, old-time gospel, and rhythm & blues. All this, with just the right touch of Down Home "Clean" Humor!
